

TRIAL ACCESS TO DBPIA AND KRPIA!

ELTE has been given trial access to two databases of Korean Nurimedia, DBpia and KRpia. The databases are available in the entire IP range of ELTE.

DBpia

<https://www.dbpia.co.kr>

KRpia
KOREAN DATABASE
한국의 지식콘텐츠

<https://www.krpia.co.kr>

trial period: between 1 October and 1 December 2024

DBpia is a scientific information portal where you can search articles of Korean journals and dissertations. It allows full-text searching of 2.3 million scientific publications in 2,300 scientific journals from major Korean publishers and scientific institutions.

KRpia is one of Korea's leading integrated content services, making available books, documents, complete collections, dictionaries and multimedia.
